

**THE SCIENCE IS CLEAR,  
THE FUTURE IS NOT**

# **BEFORE THE FLOOD**

**A Leo Di Caprio film about the climate crisis**

**7:30pm – Monday, 30<sup>th</sup> January 2017**  
**at Taunton Quaker Meeting House,**  
**13 Bath Place, Taunton TA1 4EP**

Highly recommended viewing for all who are concerned about the climate crisis and the perennial issue of how to widen public engagement. There will be time after the screening to discuss what we all think and feel about this film and about climate communication in a world of anti-science, post truth politics.

Admission is free, but a small donation requested to cover costs.
